Recommended spare part sets KAF®-G

For commissioning / continuous operation & strategical spares

- Please note this is only a general recommendation, which may have project related changes.
- Please ask for your detailed spare part quotation for your self-cleaning filter.
- After your definitions of spare packages, Krone will check if technical developments apply and always quote newest technical development

🟢 2– 4 weeks
🟡 4– 8 weeks
🔴 10–16 weeks for special materials or versions

* Lead time depends on version, model and materials. Exact delivery time will be mentioned in quotation by Krone Filter Solutions.
** Dependent on filter operational stress/flush frequency depending on water quality.
*** If purchased together with 2–3 year operational spares the SET 2, 3 and 17 can be reduced to 1 pcs.
**** Recommended number of strategical spare packages 30 % of filter´s in operation/min. 1 package. If purchased with 4–7** years operational spares package can be reduced by those positions.
